

Date	June, 2017
File/Job Number	
Personnel	Figure Prepared by: William Scales

The image shows three horizontal number lines stacked vertically, each representing a different unit of measurement. The top line is labeled '0 2 4 6 8 Mile' and has tick marks at intervals of 2. The middle line is labeled '0 2 4 6 Nautical' and has tick marks at intervals of 2. The bottom line is labeled '0 3 6 9 12 Kilom' and has tick marks at intervals of 3. The lines are used to illustrate the conversion of 1 mile into nautical miles and kilometers.
